Amplified Sound Checklist & Best Practices

In order to maintain good neighbor relations, the following best practices on amplified sound and noise restrictions are necessary:

- Review the following documents:
 - [Noise and Disturbance Ordinance \(3-5-24\)](#) for Athens-Clarke County.
 - [University of Georgia Code of Conduct](#)
 - UGA's Greek Life Office's Policy for Events with Alcohol
- If your chapter facility is in Greek Park, you must submit the event notification form with the artist information and details at least 2 weeks prior to the event. This will allow the UGA Police Department and the necessary staff to review the event details.
- Submit the [Event Registration form](#) with Athens-Clarke County Police Department at least three (3) business days prior to the event.
- Sidewalks must be free of congestion and accessible to pedestrian traffic. No events are to take place on sidewalks.
